Painting your Arrow of Honor

1. Fill in the '#' column in the Color Code Chart above with the number you have of each Rank or Award.
2. Starting about ½" back from the arrowhead sinew, use a pencil to mark your first career band. Wrap piece of 1/8" graphic tape outside this mark. Mark your next band and wrap the tape outside this mark. If you are not using tape, mark and leave 1/8" blank space between the colors.
3. Continue marking and taping until you reach your Arrow of Light career band.
4. Carefully paint between the tape bands using the colors shown above.
